THE PHILIPPINE NATIONAL POLICE RECOVERED more than 150 kilos worth of illegal drugs and arrested 434 drug violators in searching operations conducted across the country in the last month.

PNP Operations for Operations in the Streets (WISDOM) Unit said 130 of those arrested were involved in dealing drugs, mostly shabu, in various provinces nationwide.

It said that from July 14 to 20, a total of 253 grams of shabu, 5,040 grams of marijuana, 579 marijuana seedlings and 1206 sub-grams of heroin were confiscated.

It noted 173 cases from being filed with the country's prosecutors.

Under the national campaign against illegal drugs and their business, PNP said it has arrested 173 cases from being filed with the country's prosecutors.

In the campaign against illegal gambling, the PNP arrested 18 persons in 10 provinces.

# Ong gives up SC bid insisting he's Filipino

By Michael Lim Ebo

SA APPOINTMENT BACKLOG BY A CTE

senior justice, Sandiganbayan Justice Gregory Ong has chosen to give up a shot at a lifetime tenure as an associate justice on the

the bid—the ultimate career ambition for any lawyer.

Malacanan yesterday said Ong "personally" called up Associate Secretary Eduardo Ermita to tell him the Office of the President that "he was voluntarily relinquishing the appointment earlier issued to him in order to give the President a free hand to appoint another to the Supreme Court."

The Supreme Court has stopped Ong from pursuing the appointment until the issue of his birth and citizenship is resolved in a judicial proceeding.

"We did not wait for personal preference to stand in the way of the Supreme Court's functioning as a 15-man tribunal as envisioned in the Constitution," said Pres. Secretary Ismaelara yesterday.

Ermita had previously said his "strong preference" as President was to appoint Ong to the Supreme Court.

Informed by reports, Ong said, "I am truly saddened by the decision of the high court, but I respect it. I am a Filipino. I lived and

will live my life as a Filipino, and I raised my children as law-abiding Filipinos."

The President appointed Ong as the highest to his office in the country by the Associate Justice Ramon Calleja who retired on April 26.

The appointment was held up by strong opposition from various quarters, including the Supreme Court itself, over the question of Ong's citizenship.

The President had for days, or until yesterday, to fill the vacancy caused by the retirement of Calleja.

Judicial watchdog groups, led by Sen. Antonio Trillanes, Jr., and Sen. Romy Romulo, petitioned the high court to stop the President's appointment of Ong on the ground that he was not a natural-born Filipino.

The Constitution requires that members of the Supreme Court and other judicial officers be natural-born Filipinos.

Ong claimed he was natural-born citizen because he was born in a Filipino mother but that a wonder had been made in the citizenship court on

his birth record because his mother had converted to Catholicism.

The high court in early July voted to grant the Trillanes and Romulo petitions, stopping Ong from accepting the appointment until he was able to prove that he was a natural-born Filipino.

The high court also directed Ong to go to the court to correct the records of his birth and citizenship. This, it said, had to be done through judicial proceedings and not by administrative rulings.

The justice department had confirmed Ong's status as a natural-born Filipino, along with Justice Secretary Ismaelara's legal opinion, to send in 1997 during Ong's first term as a natural-born Filipino citizen.

The high court said Ong had the burden of proving to meet the citizenship of his ancestors and his nationality, under the 1958, 1972 and 1987 Constitutions.

Until this was done, Ong's acceptance of an appointment to the high court would be a violation of the Constitution, the justices said.

# Opposition should get blue ribbon, says Kiko

By Don T. Penabazquez

SENATE MAJORITY LEADER FRANCIS "KIKO" NUNGCA is in favor of giving the chairmanship of the influential blue ribbon committee to a senator "more identified with the opposition."

He said placing the Senate blue ribbon committee, which investigates public accountability, in the hands of the opposition is consistent with the results of the recent senatorial elections.

Seven of the 12 winning senators are under the Senatorial Opposition ticket.

Only three candidates of the administration's Vice-presidential team were, with two independent candidates, including Nungca, competing the newest batch of senators.

## CO-guest candidates

"I think the committee chairmanship should go to a senator more identified with the opposition than the administration," Nungca, who took office as a guest candidate of the CO, said yesterday.

He said the choice of blue ribbon committee chair "should be consistent with the sentiments of the electorate in terms of the last elections."

"But," he added, "the post should not be used as a platform for partisan politics."

The blue ribbon committee has become the subject of a tug-of-war between administration and opposition senators who both supported the Senate presidency bid of Manuel Villar to become part of the majority bloc.

## Excludes also interested

But hardly had Villar assumed his seat when both his administration and opposition allies threatened to withdraw their support if he gave the blue ribbon committee to the other camp.

Sen. Francis Escudino, one of three opposition senators who backed Villar, said earlier last week that he was also committed to heading the blue ribbon committee.

But he changed his mind. On Friday he said he was now open to opposition members possibly chairing the committee—than their counterparts who is with the majority bloc, and President Marcos, who is with the minority.

## Jobs preferred

Administration Sen. Miriam Defensora Santiago said the administration bloc preferred Sen. John Arroyo remain the chairmanship of the committee.

"I think it would be better to say the post should go to a senator who is not closely identified with the administration," Nungca said yesterday.

As the body that investigates public accountability, the Senate blue ribbon committee would keep close tabs on public officials.

## Observer cautions

Nungca also called on both the administration and opposition camps to observe a "truce" until the campaign period starts for the next presidential election in 2010.

"Let's focus on legislation and put a moratorium on political bickering. I appeal to both the majority and minority in the Senate to focus on the needs of the business sector and put off bickering until after the latest senate appropriation bill," he said.

He said the fight over the blue ribbon committee was related to the early maneuvering by some senators with an eye on the 2010 presidential election.

Nungca has also called for a moratorium by the senators to hinder or a common legislative agenda.

**High performers share tips on managing hard-earned bucks**

For most people, a job is just a means of earning a living. But at some high-tech firms, a job means so much more. Personal and professional growth and continuous learning, *substantive involvement*, *growth with Autonomy*, one of the leading global management consulting technology services, and outstanding companies, all seek to provide its employees. Driven by a culture of excellence and a commitment to "high performance," Autonomy makes sure the relationship is mutually satisfying for both the organization and its people.

"A Cornell Alumnus should be satisfying as well as rewarding. Part of the satisfaction comes from doing important, interesting and challenging work, and the opportunity to grow and develop as a professional. In addition, we offer competitive monetary reward packages based on employed skills and level of responsibility," explained Dot Vessco, County Human Resources/Land of Records for the Philippines.

Every year, Argonne conducts a internal benchmarking study to understand strengths and weakness critical strategies to design a suitable Total Payments Strategy for its employees.

"The Top Five Rewards Strategy, being highly market-competitive and/or above average, retain and motivate the best people," Hirschfeld says. While rewards are performance-driven, that is, measuring success through the achievement of business outcomes, compensation is delivered through a combination of base pay, variable pay and equity components, she adds.

Feeling different is belonging to a company that truly values its people, having a dynamic and stimulating job, and getting justly rewarded for hard work and achievement. Ascenture employees also make sure that every cent of their salary counts for something.  High performance. Downward.

the people  
 every American high performer who  
 willing shared their key sound advice  
 on managing one's hard-earned pesos.

1. **Work.** Through Accenture's program, Davao and other employees have access to financial plans that help them manage their income and maximize their assets. Some employees, like Vilma and Dennis Tan, own land of an expanding dealer the Health Life & Wellness Industry, invest their savings in the money market, equity-based and bond-based mutual funds, and have deposits. On the other hand, Angeli Gutierrez, a Senior Manager in Accenture Business Process Outsourcing, and her husband recently partnered with a friend to franchise a convenience store. Accenture also has an Employee Stock Purchase Plan (ESPP) that allows eligible employees could equity ownership by purchasing company shares at a discount.

2. **Work of peace and benefits.** Employees must have full coverage company benefits like a car plan, medical transportation, and other such allowances. Accenture, for example, offers an array of options for medical, dental, disability, life insurance and future savings plans. While transportation is and from different workers, a 24/7 Call Center, and a safe, secure and highly professional work environment, are a priority. Employees can also avail of substantial discounts on books, gym membership and electronics. It is through such programs that limited access to pay order and get a discount on books like the popular Harry Potter series. Accenture also rewards employees regularly through programs like the American Movie Night/City, which sponsors free viewing of 300-hour movies to employees and their families.

3. **Save up.** While Dennis spends most of his salary on home-related expenses, he still manages to save at least 10% of his monthly pay for the rainy days, and eventually through disciplined pay order up Vilma is able to set aside 50% of her salary! For couples, complementing funds work best. "My husband is also working, so my salary goes into our savings, while the salary is still set aside for our expenses," Angeli stated.

4. **Keep a budget diary.** A complement diary helps one to track and plan expenses. Both Dennis and Angeli should diary to keep track of expenses and have some money aligned with their priorities. "Being made of all our expenses, it helps me and my husband stick to our savings commitment," Angeli stated.

5. **Tip it all.** There's one more tip that all working people should take to heart: saving. Says Accenture's Country Managing Director, Owen Lai: "Working will keep you financially independent. If you don't spend more than what you earned, you'll be able to save. It's only a small amount without stress. If you already have credit cards, savings and other financial obligations to full each month, you can go out and buy your savings right this week. If not, get a credit right now and use it in your business."

Accenture's total rewards program, and its flexible approach that work with high performers, enable employees like Dennis and Vilma to manage their finances well and enjoy the finer things in life. As Vilma pointed out, "Managing your money will give you stability and security in my personal life. I can have more or work because I have more resources."

An individual depends on many factors: increasing and challenging work, conducive work environment, financial security, professional growth and development. Although the challenges are unique, a flexible, team-working and progressive employee like Dennis makes sure that you only a healthy work-life balance, and an outstanding benefits program that fully rewards achievement and growth.

**SACRAMENTO CITY**—SEN. LOREN Legarda has urged the government to "focus on middle-class relief and education" to make effective use of the \$120 billion proposed budget for education in the 2008 national budget, which is the largest allocation by the nation's Congress.

"The contribution to our high- and middle- and highly-competitive universities should be a major portion of our \$200 billion to competitive education system that we're transitioning to now," Legarda said.

The \$120 billion proposed budget could be huge boost to mid-

Leggett also cited the need for training of engineers in various fields such as nuclear safety, information technology, disaster and industrial safety, and even to the suggested automation for conventional products for transport and telegraph.

# Bonds nears history

## Home run 754 one off Hank's mark

BARRY Bonds One more swing of

**SAN FRANCISCO**—BARRY BONDS HIT HIS 754th career home run Friday, and needed just one more to tie Hank Aaron's record.

The Giants' star was a 0.1 strike from leading Rick Ankiel's lead over the odds to take over as the first batting for a solo shot against the Florida Marlins, his 20th career of the season. The Giants were on to win 12-10.

Bonds walked at his next base on a hit and will swing his bat against the Marlins' pitcher, Johan Santana, on Saturday night, when Bonds will have 754 home runs in his career.

"Tonight was a great night," Bonds said, proud in his progress game conference by his 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

After a brief pause to put specially marked baseballs in play, Bonds' first ball was a foul ball, with him sliding down on his back. He looked up at the ball, then, the changing room, and a drive to the stadium at 4:30 p.m. (11:25 a.m. EST).

As usual, Bonds stood and watched his ball swing through the air, and he was in the air, with him sliding down on his back. He looked up at the ball, then, the changing room, and a drive to the stadium at 4:30 p.m. (11:25 a.m. EST).

# Tour duel: Contador vs Evans

Jordan sows fear . . . *News page B21*

**PARIS, FRANCE**—BATTERED by wind and rain, the Tour de France might actually have been a good thing for the French.

Overall leader Alberto Contador of Spain and Evans of Australia could win or lose the race during Sunday's stage race. The race ends on Sunday in Paris along the Champs-Élysées.

A dramatic day of 170 miles, 10 hours and 30 minutes separates the two riders, each going for a first victory in the event and suddenly there was the spotlight on the winner of former world leader Michael Rasmussen.

"Tomorrow is the most difficult day of

my career as an athlete," Contador said after Friday's 16th stage, which was won by Andy Cossie. The French rider won the 111-kilometer (111-mile) stage despite crashing after setting a speed record.

The 26-year-old Contador would be the Tour's youngest winner since Eddy Merckx in 1967. A victory for Evans would be a big lift for sports-mad Australia, where he is a national hero.

For the past two days, the Tour has been a war of attrition. The riders were tested not only by the heat but also by the doping and one positively living, the British rider Evans, who has been out of the race for 10 days.

That left Contador and Evans to race against each other in the final 100 kilometers of the Tour.

More importantly, he continued to work closely to this day.

In 1979, he gave up his position of insurance broker and started a magazine called Insurance News.

For 18 years he relied on advertising for his insurance but in the '80s, during the economic and political crisis, he sold 95 percent of the magazine to a Singaporean.

## Right concept, great ideas create brand power

By Mark D. Selzer

CONSUMERS CREATE A CONSUMER or relationship with some iron brands. There is a distinction that goes with certain products.

Michael Comstock, chief executive officer of Leo Burnett, says it is a brand approach to “engaging” consumers and make them true brand believers.

There are brands that maintain a strong relationship with consumers. Others are interested in the consumer and to be able to compete for their attention.

“New brands achieve superior results by going beyond functional performance to build an emotional, yet not easily replaceable, advantage,” says Comstock as he talks Leo Burnett for over 25 years.

### Protective barriers

As advertising gets more sophisticated, brands no longer have protection from the market. The competitive advantage only lasts for a second. There is a growing need to stay flexible as consumers change their goals and their preferences. What is appealing to the public today

can be different tomorrow.

“We cannot say we’re never done this before or we’ll never do it again,” says Comstock. “The consumer says this is how we lived in the past. This is how we are going to live in the future.”

“Everyone has admitted that consumer wants don’t just accept what is offered to them. They hold the power to choose what brands will succeed or be destroyed by a number of reasons,” he said.

“This is no longer about channel marketing. It is about creating great ideas, brand essence amplified in different touch points,” he added.

Leo Burnett is responsible for the winning TV commercial of McDonald’s “Bacon” and “Ketchup,” and the successful campaign of McDonald’s.

Leo Burnett is present in about 60 countries and is part of Publicis Group, the French advertising agency that represents the company in the world. Its clients are of different industries from beverage to food to retail to pharmaceutical.

Leo Burnett is represented by Leo Burnett Media and

Advertising Group.

Cooking of brands

Consumer said “cooking of brands” or the relationship between brands and their iron brands make people believe brands, not matter how the brands are, consumers will stick to it and buy more products of the brand instead of looking at trying out a different one.

“This is a brand belief,” he said. “It is not just about how to build brands but to put the right things in the right place. It is about what is in the brand that will sell it with different media.”

Consumer holds an interest in the relationship between brands and their iron brands make people believe brands, not matter how the brands are, consumers will stick to it and buy more products of the brand instead of looking at trying out a different one.

without a back,” Comstock said. Marketing now has to find the right concept to add to the right message. That is creating meaningful, convincing points and a able to create brand power.

The success of touch points include radio, TV, print, Internet, outdoor, billboards, event coverage, direct marketing, corporate, public relations and even celebrity endorsements.

The dramatic and aggressive changes in marketing and com-

munications are prompted by the proliferation of different media and the pace of change is accelerating at the time.

### Information control

“The control of information has moved,” Comstock said. Control has to do with the fragmentation of media and their availability; there is the constantly evolving technology to deal with, and the constant stream of the consumer to

deal with this change.

“It is not enough to just accept these, they are in trouble,” he said.

Leo Burnett Group has been successful in the competitive environment of the “Right to Buy” strategy.

The Commission, the biggest challenge for the company is “to keep the information going” to keep the information going “to keep the information going” to keep the information going.

## Bad debts drive pharmacist to retail business

## Desert Wonderland

Dubai will soon have the world's tallest building, biggest mall and largest airport

**T**HE MORNING I DECIDED to point my camera at the iconic Burj al Arab, the man was hardly but the air was surprisingly hazy. "Desert sand," explained our guide.

But the haze was probably due more to the Islamic construction activity than the proximity of the desert. They say one in every six cars used in the world today is in Dubai.

The intense, sun of scorching heat up the United Arab Emirates (UAE), has some of the largest... landfill sites to meet construction projects in the world.

High-end restaurants and office buildings surrounded by lush parks are the signature of the city. The Burj Dubai, the centerpiece of the \$20-billion Downtown Dubai project, will become the world's tallest building when completed, topping at 3,000 meters to the sky.

No longer an oil economy

Dubai's many projects may cause questions about sustainability and environmental impact but, there is no denying the city has attracted investors and tourists.

While the discovery of oil in the 1930s sparked Dubai's boom, today only about 5 percent of its revenue comes from oil.

Dubai's income in last year's 10 billion dollars by 2010, while the Philippines, with 7,000 islands, is targeting only five billion by that date. But, today of

course, the government provides essential support to Dubai's thriving hospitality industry.

Since 1960, Filipinos work in the UAE. Dubai has about a third of its 2.5 million population of expatriates speak a mixture of Filipino.

Much of a former philosophy instructor is a computer science in Dubai, was Raj Aguirre's personal belief when he first landed in the city's booming economy.

It's pretty easy to also find Hollywood stars like Morgan Freeman and Orlando Bloom.

"The money is good," Raj says. "The income is tax-free. The employer provides free housing in villages complete with schools and supermarkets. There are no taxes here."

But Raj, a writer for a local newspaper in a small vacation town, was 100 km from downtown Dubai. It is hard to find the money in the city.

In the area where Raj lives, the old buildings of the desert give way to modern skyscrapers.

Raj's occupation is not, but a "sketch artist" here to the shores of Dubai's transformation.

**Handmade and handmade**

A visitor who gets distracted by these small, personal struggles, is reminded of what he came to see—the Dubai Mall. While Dubai was once a small, desert town, the mall has become a hub of commerce and is now a major attraction.

And kudos to RP's Lav Diaz, who's competing in the 64th Venice Film Festival

**LOS ANGELES**—CONGRATULATIONS to Filipino filmmaker Lav Diaz, whose "Dethroned" is competing in the Venice Film Festival. Diaz is the director of the 1992 film "The Innocent" and "The Innocent" is the director of the 1992 film "The Innocent".

Lav is a very good company. Among the stars in the field are "Max from Paris" by Jonathan Demme, who won the 1992 Oscar for Best Picture for "The Silence of the Lambs" and "The Usual Suspects" by Brian Koppelman.

Who's your favorite? I like "The Usual Suspects" and "The Usual Suspects" is the best of the film.

Now, we all have seen a movie that is a good one. "The Usual Suspects" is a good one. "The Usual Suspects" is a good one. "The Usual Suspects" is a good one.
